What were the circumstances that caused you to look for a financial adviser?

First time buyer and didn't know what my options were.

How did Stuart help you?

Talked me through the entire process and made it incredibly easy. Even sent me recommendations of Solicitors who were very good also! He always got back to me either via email or over the phone - whichever I preferred he was very accommodating to. Even during lockdown 1, when I was furloughed and my purchase was put on hold, he talked me through how it would all work and always kept me updated with what was going on.

Have you seen the outcome you were hoping for?

Yes, I have now purchased my first home and couldn't be happier with the service I received.

What could they have done better?

Honestly I do not think there is anything more I could of asked from Stuart, or the team of SJ Financial.

What were the circumstances that caused you to look for a financial adviser?

I am a portfolio Landlord/ property investor based in the midlands who consitantly requires mortgages/ refinancing to further grow the portfolio when required. We required a very knowledgable mortgage broker and financial advisor that understands the asset class second

to none. Initial

How did Stuart help you?

Deb awake at SJ Financial Solutions / SJ Mortgage Solutions was able to provide us with lending whilst many mortgage brokers believed it would be difficult to do so given our personal circumstances. The rates she found were the most competitive on the market and often were rates that other brokers could not match! As our portfolio grew and understanding our long term goals she arranged for us to speak to Stuart Mosley to get Life Insurance and Critical illness cover to protect our portfolio which we had not previously considered. We realised from Deb that growing a portfolio is one matter and then protecting it is another!

Have you seen the outcome you were hoping for?

Yes. We have grown our portfolio and profits at a better than expected rate due to the professional advice given, strategies discussed and the lending products carefully selected.

What could they have done better?

Being very honest, I don't believe there is anything more that Deb and the team at SJ Financial solutions could have done better, they even provided us with the most competitive buildings insurance on the market for our properties! That makes it a all in one complete service. Many thanks to Deb, Stuart and the entire Team at SJ Financial solutions for providing such a wonderful service.

What were the circumstances that caused you to look for a financial adviser?

I was looking for help to grow our property portfolio to provide an additional income stream.

How did Stuart help you?

Deb Wale has provided invaluable advise about remortgaging and refinancing properties once refurbished as a strategy to provide further deposits for more properties. Being self employed can prove tricky to some lenders however, a good broker like Deb has always managed to get us finance first time around with no problems. Deb was able to get us finance in the very last minute for a property deal (3 properties worth 550k +). This was an extremely time sensitive deal and I firmly believe no other broker could have arranged finance at the final hour as she did (this wasnt even bridging finance!)

Have you seen the outcome you were hoping for?

Yes! We have grown our portfolio from 2 properties (260k) to 8 properties (1.4 million +) safely and in a fairly short space of time.

What could they have done better?

I don't believe there is anything further in terms of service we require from Deb or her team as we are always offered a choice of the most competitive lending products available to us. Over the years we have built a grate relationship with Deb and her team and because she always take time out to keep in contact regularly we feel the service provided is very personalised.

What were the circumstances that caused you to look for a financial adviser?
